SPECIAL PRICE LIST OF TRUE BRED SEEDS

U. S. Dept. of Agriculture,
Washington,
D. C.

Elizabeth City, N. C.,
February 25, 1929.

Dear Friend:—

We know you want seeds of the best quality that can be grown and we believe that you want these as reasonably priced as possible, quality considered. We cannot secure the best seed for less money, so we are trying to reduce our selling cost for your benefit. With this in view, we are not going to the expense of getting out our usual Annual for Garden and Farm this season. Instead, we are trying to pass this saving on to our customers in reduced prices noted in this list. For those interested in descriptions and cultural directions, we still have a limited supply of our last Annual, which will be sent upon request.

In this list we have attempted to give you the low down on present market for the most dependable seeds that can be grown. Our stocks are carefully selected and tested and will please the most critical trade. If you want the most for your money in seeds, especially adapted to the South, we suggest that you place your order now and be ready for the spring planting season.

Sincerely yours,

BUXTON WHITE SEED CO.

DIRECTIONS FOR ORDERING

By carefully observing the following instructions, mistakes and misunderstandings will be very largely avoided.

We pay the Postage or Express on all Vegetable Seeds and Plants in this list, except where otherwise specified. Field Seeds and Supplies are priced F. O. B. Elizabeth City; if by mail, add postage. We guarantee safe delivery of the goods at your home.

Be sure to sign your Name, Post Office, Rural Route, and State on every order. Tell us your nearest express office, if your order is to be sent by express. Write plainly.

Ours is a cash business and our prices are made on that basis. Customers are requested to remit when ordering. If C. O. D. shipment is desired, one-fourth of the amount of the order must accompany the order. No plants shipped C. O. D.

Buxton White Seed Company gives no warranty, express or implied, as to description, quality, productiveness or any other matter of any seed, bulbs or plants it sells and will not be responsible for the crop.

Prices quoted are subject to change without notice.

PROFIT SHARING COUPONS FREE

In filling mail orders for garden seed and supplies we include with each shipment Profit Sharing Premium Coupons, which may be used with us as cash. For every fifty cents of your order for vegetable and flower seeds taken from this list and sent us by mail you will receive a 5 cent Certificate. Suppose your first order for garden seed amounted to three dollars, you would receive from us with your goods 6 coupons free, and then later you order two dollars additional, you would receive 4 more coupons. This would give you ten coupons, which you could send us in the place of cash for any goods listed to the value of fifty cents.

You may select as premiums Seeds, Bulbs, Plants Insecticides, Plant Foods, Poultry Supplies or any of the items we carry. They will be sent you absolutely free in exchange for Profit Sharing Coupons. Remember all these coupons may be used as cash with us, but we will not redeem them on orders amounting to less than fifty cents. This offer applies only on garden seed and supplies ordered by mail, and is not good on field seeds and feeds. Keep our price list handy. You will want it to select the seeds and other goods which we send you free.

Perennial Rye Grass	1.50	7.00	13.00		PERMANENT PASTURE				
Kentucky Blue Grass	3.70	18.00	35.00		A permanent pasture is one of the very best paying investments that can be made on the farm. After careful experiment, the State Agricultural experiment Station recommends the following as the best mixtures for this section: 8 lbs. Orchard Grass, 8 lbs. Red Top, 8 lbs. Italian Rye Grass, 8 lbs. Alsike Clover, 4 lbs Red Clover, 4 lbs. White Clover. Total seeding per acre, 40 lbs. Try it.				
Timothy	1.20	5.50	10.00		For poor land, where other pasture mixtures fail, the following will give heavy, succulent green pasture: 5 lbs. Carpet Grass, 5 lbs. Dallas Grass, 20 lbs. Lespedeza or Japan Clover. Total seeding ped acre.				
Sudan Grass	1.00	4.50	8.00		EVERGREEN MIXED LAWN GRASS				
SOY OR SOJA BEANS					We feel fully justified in stating that this is the best Lawn Grass procurable at any price.. It is better adapted to the different soils of the South, and stands the heat and drought of summer as well as severe cold better than the various mixtures so commonly offered. Nothing but the choicest, cleanest and heaviest seeds go into it. Post-paid—Lb. 55c; 5lbs. \$2.35; 10 lbs. \$4.50. Not prepaid—Lb. 45c; 5 lbs. \$2.15; 10 lbs. \$4.25; 25 lbs. \$10.00; 100 lbs. \$38.00.
